

The Field Trip

Flesch-Kincaid: 3.3 | Words: 152

My class went on a field trip to the aquarium. There are lots of fish and other animals to learn about. The first room we visited had a huge tank. There were large whales and sharks in the tank. The whale is so big that I get scared when it swims towards me. The shark has large teeth and big fins. I am glad they are behind the glass walls. The next room we visit is the dolphin show. The dolphins leap into the air and do tricks like jumping through a hoop. The trainer feeds the dolphins every time they do a trick. Finally, we go to the colorful, tropical fish tank. The fish are so beautiful. This is my favorite part of the trip. I really like the bright blue and yellow fish, because blue is my favorite color. I hope my class takes another trip to the aquarium soon.
